Project Title: **Songs in the Key of Art with Greg Percy**

School(s) *Your School's name and Population*

Project Summary: Songs in the Key of Art is an award winning collection of music about artists and art for kids. The music is written and performed by Greg Percy, Art Teacher and Musician. The musical styles range from pop to polka to punk and explore a particular artist or artistic theme, intertwined with fun, humorous lyrics. (from www.songsinthekeyofart.com) We would like to fly Greg Percy in to perform selections from his Songs in the Key of Art at Pauline Central and Pauline South. We feel that the students would gain a lot from Greg's interdisciplinary concerts. Students need to feel connected to and engaged at school. Using music is not only fun, it helps reinforce material in a new way. The concert would also support KSDE Visual Arts and Music Standards.

KSDE Art Standard 6 Making Connections Between the Visual Arts and Other Disciplines,
Benchmark 2: The student identifies and describes similarities and differences among the visual and performing arts.

KSDE Music Standard 8: Understanding relationships between music, the other arts, and disciplines outside the arts.

Benchmark 2: The student identifies ways in which the principles and subject matter of other disciplines taught in the school are interrelated with those of music.

Our desired outcome is for students to enjoy and learn about connections between Art, Music, and other areas of the curriculum, and feel connected to school.

I have read great reviews about Greg's school visits for interactive concerts with students, including one on the Art of Education (<http://www.theartofed.com/2012/03/31/what-would-you-ask-greg-percy/>)
